

Bead Society of New Jersey Workshop Saturday Dec. 10, 2011 10-4 pm

Tinton Falls Community Room at the Tinton Falls Municipal Complex, 556 Tinton Avenue, Tinton Falls, NJ 07724

Versatile Knotted, Rolled and Braided Necklaces with Josephine Yeh

This workshop aims to teach you some basic Chinese knotting techniques so that you can make a beautiful necklace that can stand alone or be an asset to highlight an exquisite pendant. You will also learn how to "roll" a necklace, a fast way to make a necklace that will match your special jewelry. The third part is learning how to braid a necklace or bracelet using 4, 5 and 8 strands.

Supply List

Josephine will provide all the 2mm nylon cords

Must bring:

Board to pin project on: can be macramé board, cork board, ceiling tile, covered foam, sofa cushion, even foam tray, etc Pins with large heads to hold down cords

Scissors

Tape measure

Large hole beads: must have holes big enough to pass two 2 mm cords. "Pandora" type large hole beads and pony beads work well. #3 beads can also be used but you can thread only one cord through.

Pendants with large bails. If not, we will make our own bails. To make your own bails, bring #22 or #20 gauge wire.

Optional:

Findings: Most useful are large end crimps or end connectors to wrap the 2 cords together and attach a clasp or button.

Lighter for flaming/ heat searing Tea light for flaming Flame proof padding if you happen to have a silicone trivet

GS hypo-cement, Elmer's Glue, 2 chain nose pliers, round nose pliers, Wire cutters Thread Zapper

Email: jcyeh26@yahoo.com for supply questions
